Since taking office January 1, 2020, I have learned a great deal. I have said many times over the last few weeks that it is like drinking from the fire hose with the amount of information coming at me. But I am up for the challenge and excited to be given this opportunity to learn. What I recognized right away is the City has a great staff with a vast array of experiences; they are dedicated to our community and eager to serve. I've also immediately found that our community is passionate, informed, and diverse. As a previous councilmember, I am proud of the relationship I have with the City Council and I am excited to get to work with them as we deliver excellent service to you.

I know, during my term as Mayor, our community will face challenges and opportunities. I hope to meet the challenges with thoughtful planning and strong partnerships. The opportunities will come from bold ideas and a desire to reach our full potential. No matter what we face, challenges or opportunities, I commit to staying intently focused on what is best for you, the citizens and businesses in East Wenatchee.

Going forward, I hope to be able connect with you in various ways. I'm happy to come to your business, speak to your club or organization, or welcome you to my office. I invite you to keep me informed of what is most important to you from your City.

Mayor Crawford
